HOME SYSTEM.

New Telephone Company Will Put in a Plant.

Cumberland People Decline to Buy a Renewal of Their Franchise.

The sale of a franchise to operate a telephone system in the city of Hopkinsville was made by Mayor Henry yesterday afternoon. It was purchased by J. E. Mott, of Huntington, Ind., for \$3, Henry Stumensiel being the only other bidder.

The Cumberland people declined to bid and evidently have plans not made public, as their franchise expires August 9. Mr. Mott says he is operating in connection with the Louisville Home Telephone Co., which has a plant in Louisville and is putting in one in Bowling Green. He says he will begin work within thirty days and have the plant ready for business as soon as possible. The service will be the very best. He will use the central energy system, with strictly metallic independent lines. There will be no party lines. The instruments will be of the latest make. Central will be called by taking the receiver off the hook, without ringing.

Mr. Mott further says that the franchise is all right, though the five-year clause is an objection. Upon that point, however, he is willing to trust the council of 1907 for favorable renewal. He means business and relief is promised the people as soon as possible.

BOTH DISCHARGED.

Ten Accused of Selling Liquor Only Handled Bitters.

Dr. J. W. Aldridge and Clarence Blackwell, of Clay, Webster county, were brought before Commissioner Ferguson Wednesday, charged with retailing liquor without license. The proof showed that the men only sold Yucatan bitters, a patent medicine, and they were discharged.

Goes to Indianapolis.

Mr. Lewis P. Guthrie, bookkeeper for the John Moayan Co., who has been with that firm for twelve years, has resigned his position and will on August 1 remove to Indianapolis, Ind., to accept a similar position in a leading mercantile establishment. Mr. Guthrie is a capable business man and a clever and popular gentleman and the good wishes of many friends will go with him to his new home.

Judge Paynter a Grandfather.

Greenup, Ky., July 23.—A baby girl was born this evening to Mr. and Mrs. Morton K. Yonts. Judge Thomas H. Paynter thereby becomes a grandfather.

SMALL OFFERINGS

On Local Tobacco Market This Week.

Lug Stock About Exhausted And Dealers Holding Leaf For Higher Prices.

The offerings on the local tobacco market this week were much smaller than usual, on account of the unsatisfactory prices offered for the weed.

The lug stock has been pretty well cleared up and much of the leaf is being held. The greater portion of the leaf on hand measures from 24 to 28 inches and prices at present offered for this kind are less than first cost. Dealers have decided to hold for better prices, even if they have to carry over this stock to next year and some of them are already arranging to do so.

Receipts are very light, nearly all of the crop of 1901 having been delivered. It is estimated that the total receipts will fall short about two thousand hogsheads from the calculation early in the season.

The growing crop looks fairly well, though the stand is not good. The acreage is possibly a little in excess of the average, and in some sections of the county the tobacco bids fair to be fine.

ANOTHER STORE FOR GRACEY

Mr. W. J. Hopson Will Open at Early Date.

Mr. W. J. Hopson, the well-known merchant at Wallonia, has purchased the Watkins lot in the burnt district at Gracey, and will at an early date open a general merchandising store at that place. Mr. Hopson was here yesterday for the purpose of getting plans for his building. He calculates on opening up about Nov. 1 and will sell out at Wallonia and move his family to Gracey.

WENT TO BONE.

Large Needle Penetrated Arm and Operation Was Necessary.

Mr. Ewing Wood accidentally stuck a large needle in his right arm Monday night and the steel instrument broke off, leaving the point against the bone. Dr. Jackson performed an operation and succeeded in getting the needle out.

Killed His Grandmother.

Mrs. Sol. C. Vaughan, aged 64 years, was accidentally killed by her 13-year-old grandson, Vaughan Dabney, at Paducah. The boy was playing with his flobert rifle, when it was discharged, sending the ball through his grandmother's stomach.

HOPKINSVILLE, KY.

KICKED ON HEAD.

Dr. Roussey Hurt While Operating on a Mule.

Dr. C. E. Roussey, the veterinary surgeon, was pretty badly hurt Tuesday afternoon while operating on a mule for tumor.

The animal kicked him on the head, cutting a deep gash, from which the blood flowed freely. He was also struck in the side and badly bruised. The accident happened near Dalton Bros' quarry. Dr. Roussey at once came to the city where he received surgical attention.

He is able to be out, but is still weak from the loss of blood.

VICTIM OF ACCIDENT

At Crofton July 4th Now Out of Danger.

The little daughter of Sam Cook, of Crofton, who was knocked down and badly injured by a runaway horse on the Fourth, will recover. For a few days she was in a semi-conscious condition, and it was thought that she would die of her injuries, but she finally rallied, and is now out of danger.

VICTIM OF CONSUMPTION.

James Vaughn Passes Away After Long Illness.

James Vaughn, aged 10, died last Saturday at the home of his stepfather, Perry Knight, near Kelly. Consumption was the cause of his death. He had been sick for six months.

Mr. W. P. Qualls and wife and their guest, Mrs. L. W. Qualls, of Hillsboro, Texas, went to Dawson Wednesday to spend two weeks.

MISS FANNIE TORIAN.

Death in Paducah of Young Lady Who Had Many Relatives in This City.

The Paducah News-Democrat of Tuesday contained the following account of the death in that city of a former Hopkinsville young lady, who had many relatives in this city, and who was well known here, having visited here frequently:

"Miss Fannie Torian died at 8 o'clock Monday night, after a long illness of consumption, at the home of her parents, corner of Washington and Nineteenth streets.

"Miss Torian was the third daughter of Mr. and Mrs. O. T. Torian. She was about 27 years of age. Besides her mother and father, two sisters, Mrs. William Hubbard and Miss Ellen Torian, and one brother, all of this city, survive her. She was a niece of Mrs. Ellen Morrow, of this city, and also a niece of Mrs. Mary Cade, who formerly lived here.

"Miss Torian was a young woman of many lovely traits of character, which endeared her to all who came in contact with her. She bore her sufferings with great patience and trust until death finally ended them as above stated. "She was a member of the Methodist church and the funeral services will be held at the family residence, conducted by Dr. G. W. Briggs, of the Broadway Methodist church."

Condition Unimproved.

The condition of Mr. W. H. Jernigan, of Pembroke, who has been sick with typhoid fever for some time, is unimproved, and it is feared that he will not recover.

Mrs. Q. C. Atkinson of Clarksville is visiting friends in the city.

Of Hopkins County.

Fire at Owensboro destroyed the Osborn planing mill plant. Loss \$100,000.

Wm. Gardner, the oldest man in Kentucky, died at Hickman this week aged 98 years.

The publication of the Record, at Providence, has been discontinued, and Mr. W. S. David, its editor, is now associate editor of the Hustler.

The Philadelphia Public Ledger, conducted for thirty years by the late George W. Childs, has been sold to Adolph S. Ochs. The price paid was \$2,225,000.

There were 2,561 engagements between the American troops and the Filipinos between February 4, 1899, and April 30, 1902. The percentage of killed and wounded Americans to the strength of the army is 9.7. Disease carried off forty-seven officers and 2,535 enlisted men.

The young King of Spain, it is said, is developing into a very high roller and is causing his mother and court circles generally much concern by his fondness for "low associates." He has even gone to the extent of "making a night of it" in the slums of Madrid, drinking, dancing and playing.

The Congressional primary election is now close at hand and the candidates are on the hustle. Judge Taylor is organizing his home county, Mr. Brashear is stirring up Webster and Henderson with a band wagon and Mr. Stanley is also in the midst of the district. Christian seems to be the quietest county in the district.

The press meeting at Owensboro was attended by about sixty newspaper men. A banquet Tuesday night and a reception at the home of Mr. J. T. Griffith Wednesday night were the local features. Thomas G. Watkins, of Louisville, was elected President; Paul M. Moore, of Earlington, vice-President; and Bob Morningstar was again elected Secretary without opposition. The editors left Wednesday night after the reception for a trip to the lakes.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Ashley Coke and Tom Lauderdale, who killed G. M. Ray, an engineer on a train on the Yazoo and Mississippi railroad, near Leland, Miss., December 30, 1901, were hanged at Greenville, Miss., Tuesday in the presence of 6,000 people. Coke went to the gallows swearing, and his last words were curses on the people of Greenville. Lauderdale went to his death silently.

The Democratic Committee of the Fourteenth judicial district has declared Judge James E. Cantrell and Mr. Robert B. Franklin the nominees for Circuit Judge and Commonwealth's Attorney, respectively, in that district, both being without opposition.

Census Bureau figures show the number of farms in the United States in 1900 to have been 5,739,657, with an aggregate value, together with their improvements, of \$20,514,001,838.

The President has appointed Hugh S. Sutham as Superintendent of the United States Mint at New Orleans, La., vice Boothby resigned.

SOCIAL FUNCTION.

Mrs. T. D. Armistead Entertains in Charming Fanner.

Mrs. T. D. Armistead entertained Tuesday night in honor of her sister, Miss Bertha Thompson, of Louisville, who has been her guest for several weeks. The occasion proved a highly enjoyable one. An elegant repast was served. Following is a list of those present: Misses Mildred Hubbard, Cecyl Gaines, Del Gaines, Bettie Lee Smith, Jean Goldthwaite, Edith Waller, Maggie Ellis, Joy Herndon, Patty Bartley, Mary Jessie Brown, Lure Soyars, Bet Ware, Susie Garnett, Cornelia DeVreille, Minnie Armistead, Bertha Thompson, Louisville, Mary Edwards, St. Louis.

ESCAPED FROM ASYLUM.

Attendants Go to Russellville, But Find No Clue.

Russellville, Ky., July 21.—A man named Vanarsdale, who was sent to the State Asylum from Aurora, this county, escaped yesterday from the asylum and was reported to have been seen here. Four guards came down last night from Hopkinsville and made a thorough search and investigation but finding no clue returned to Hopkinsville.

BY SPECIAL REQUEST

Dr. G. Goldstein Will Return August 11th and Remain Two Days.

The abuse of that delicate organ, the eye, is a prevalent sin of this country. The Germans had a wise saying, "Touch not the eye except with your elbow." That is equivalent to saying don't touch your eye at all. Still further caution in reference to the eye is illustrated in the experience of those negligent persons who grope through life straining and ruining the sight instead of consulting upon the first sign of weakness, squinting or watering. Another fatal mistake is made by clinging too long to a favorite pair of glasses that may have once suited the conditions of sight and opened a new view of the world and things present; but alas the days have sped by and age has so changed the retina as to render the glasses worse than useless. Properly adjusted glasses will most certainly preserve the eye while any other kind of glasses will be worse than none at all.

Let us advise those who are the least interested in this article to avail themselves of an opportunity to consult Dr. G. Goldstein and allow him to straighten the matter out with you in short order. He is reliable and his skill is fully and thoroughly established throughout the territory in which he has practiced. He will be at Hotel Latham.

CLOSES TO-NIGHT.

Crowd at Campmeeting Sunday Estimated at 4,000.

Quite a number of Hopkinsville people have been attending the business meeting at Carrosso camp ground, near Guthrie. The crowd in attendance Sunday was estimated at 4,000. The meeting, which has been in progress ten days, will close to-night.

Herndon Notes.

Herndon, Ky., July 24.—Miss Minnie Word, of Beverly, is the guest of Miss Maude Dawson this week.

Mr. Earl Weeks, of Paducah, is visiting Mr. Howard Giles. Miss Daisy Pruitt, of Oak Wood, Tenn., visited relatives here Sunday.

Miss Mariam Cayce, of near Hopkinsville, is the guest of Mrs. S. W. Johnson.

Messrs. Earl Mitchell and Houston Pace spent Saturday and Sunday with friends in Clarksville.

Miss Louise Pace has returned home after a pleasant visit to relatives at Casky.

Miss Katie Knight returned home yesterday after a several days visit to Miss Ada Adams at Howell.

Mr. and Mrs. James Gee, of Pee Dee, were guests of Mr. and Mrs. W. R. Cherry Sunday.

Miss Mattie Adcock returned to her home Tuesday, after a few days visit to Miss Bessie Pace.

Misses Myrtle and Ruby Dawson have returned home after a week's visit to relatives at Benetstown.

One of our Alabama visitors is all (with) "O. K." now, but we are afraid when that "cousin" comes from Nashville that she will have to "go way back."

Mr. Walter Glover was in Hopkinsville Sunday.

The moon-light picnic at Mr. Reese's Thursday night was greatly enjoyed by all who attended.

There will be a moon-light picnic at Mr. W. R. Faulkner's Friday night.

The young people of this neighborhood greatly enjoyed an all-day picnic given on the banks of Little River at Myer's Spring yesterday. Owing to the inclemency of the weather in the forenoon a number of those invited were prevented from attending, but the crowd was sufficiently large for all present to enjoy themselves to the fullest extent. At noon an elegant dinner was spread and this too was greatly enjoyed by the crowd. The picnic was given in honor of Miss Clyde Howell, of Alabama, one of our pretty and accomplished visitors, and Miss Katie Mitchell, of this city, who is equally as attractive. The day was one that will long be remembered by those present.

A Cure For Summer Complaint.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every family. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of physician. No family should be without a bottle of this medicine in the house, especially in summer-time.—Lansing, Iowa, Journal. For sale by K. K. WYLY.

NEW BANK AT GUTHRIE.

Incorporated with a Capital Stock of \$50,000.

The Bank of Guthrie, with a Capital stock of \$50,000, has been incorporated. Edward Sinclair, of Russellville; D. B. Smith and D. T. Mimms, of Guthrie are the incorporators.

A Good Reputation.

"The way to gain a good reputation is to endeavor to be what you desire to appear." That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has been put out by the manufacturers has been full, up to the high standard of excellence claimed for it. People have found that it can always be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. For sale by K. K. WYLY.

IN WEBSTER.

Brusher Addresses Large Crowds Saturday And Adds Many More votes to His Growing Strength in Webster County.

Saturday was Brusher day in Webster county again and he addressed large crowds at Burnt Mill Dixon and Providence. He was accompanied by the Madisonville band who made music for the occasion at all three places.

At Dixon a joint debate occurred between him and Stanley and the manner in which the affair went off made many votes for Brusher. Stanley adopted his usual abusive tactics but Brusher called him at every turn. The crowd at Dixon numbered about 1000 and it was the opinion of well posted people that Brusher had won and Stanley had lost votes as the result of the day. A pretty good evidence of the strength of the two was shown by the badges worn. The Stanley men wore blue and the Brusher men wore red badges and it was not hard to see that the red badges were in the majority.

At night a large audience assembled at the school building to hear Brusher, although he was late and it was raining. The room was crowded and the audience was almost wholly for Brusher and he spoke for an hour and a half amid almost continuous applause.

Stanley got enough of the debate at Dixon and failed to show up at Providence. This week Brusher starts on a campaign with a 2 days trip into Henderson county where he has developed large strength. The Stanley men realize the fight that is on against him in Henderson county and are moving heaven and earth to stop the stampede to Brusher. It would have no significance if speakers were to start out the last week of the canvass to arouse the voters and get them to the polls, but for the Henderson crowd to have been out already indicates that they are afraid of something in Henderson county.—Hustler.

CLOSE FINISH.

Judge Nunn Nominated by a Bare Majority. Opposition Leaders Caught Napping By the Nunn and White Forces.

Judge T. J. Nunn was nominated for appellate court judge on the 62nd ballot, in the Paducah convention Wednesday. The convention was organized Tuesday by a combination of the forces of Cook and Robbins and the Henderson delegation. Judge Malcolm Yeaman was elected chairman, Nunn and White offering no opposition. Four secretaries were named, representing the four candidates. The committees were made up the same way, a fifth man being named by the chairman.

The credentials committee brought in two reports, the minority report recommending the seating of the White contestants from McCracken. The majority report was adopted, seating the Robbins delegates.

The temporary organization was made permanent. The resolutions were as follows: The Democrats of the First appellate court district of Kentucky, in convention assembled, reaffirm the last national platform adopted at Kansas City, and endorse that instrument in letter and spirit.

We glory in the achievements of the illustrious Democrats from Jefferson to Bryan, and in his great fight for Democratic principles, and Democratic policies, we believe that Mr. Bryan deserves the commendation of every county-loving citizen of the republic.

We heartily endorse the Democratic administration, presided over by Governor J. C. W. Beckham, and declare, with pride, it has been able, clean and wise, and should meet the commendation of every Kentuckian.

CHAS. K. WHEELER,
F. M. BAKER,
ROBT. L. SMITH,
HENRY R. LAWRENCE,
OLLIE M. JAMES.

The endorsement of Beckham's "clean" administration caused the delegates to "jess laff," but nobody interfered with the perfunctory proceedings. After nominating speeches a vote was ordered for nominations:

The first ballot resulted as follows: Nunn—Caldwell 7; Crittenden 8; Henderson, 15; Hopkins, 17; Livingston 8; Union 6; Webster 12. Total 83.
Eobbins—Fulton 8; Graves 24; Marshall 7; McCracken, 15. Total 54.
Cook—Calloway 14; Christian 16; Lyon, 5; Trigg 8. Total 43.
White—Ballard 9; Carlisle 8; Henderson 5; Hickman 9. Total 31.
Judge Dorsey was not voted for, his vote going to Nunn with the exception of 5 votes which were given to White.

The balloting continued Wednesday morning without material changes and was resumed after dinner.

Judge White was ready and willing to throw his 26 votes to Nunn, who had 83, on account of the unseating of his delegation in Hickman county and he was only able to control half of the 9 votes, not quite enough to nominate.

At the afternoon session several ballots were taken without change until on the 60th John W. Kay, White's manager, arose and made it clear that 40 more be taken and make it an even hundred. This was taken to mean that White was resolved to deadlock the convention all day and there was a general exodus of delegates to a nearby club house, and the weary roll-call was resumed. Among the absent delegates were the anti-Nunn delegates in Hickman county and on the 62nd ballot the remaining delegates quietly cast 6 votes for Nunn. The counties of Ballard and Carlisle had been already voting for Nunn and on this ballot both did so. It attracted no attention and only the White delegates knew that White had added 23 votes to Nunn's 83 and made a nomination. Chairman Yeaman gave a startled look and glanced over the room when he was handed the vote, but

CONGRESSMAN CROWLEY

Uses Pe-ru-na in His Family For Catarrhal and Nervous Affections.

Hon. Joseph B. Crowley, Congressman from Illinois, writes from Robinson, Ill., the following praise for the great catarrhal tonic, Peru-na. Congressman Crowley says:

"After giving Peru-na a fair trial I can cheerfully recommend your remedy to anyone suffering with coughs, colds and la grippe, and all catarrhal complaints."

"Mrs. Crowley has taken a number of bottles of Peru-na on account of nervous troubles. It has proven a strong tonic and lasting cure. I can cheerfully recommend it."—J. B. CROWLEY.

No other remedy invented by man has ever received as much praise from men of high station as Peru-na. Over forty members of Congress have tried it and recommended it to suffering humanity. They use it themselves to guard against the effects of the intense strain of public life; to ward off the ill effects of the changeable climate of Washington. They keep it in their homes for family use. They recommend it to their neighbors, and they do not hesitate in public print to declare their appreciation and endorsement of this greatest of modern remedies.

It is exactly as Congressman Crowley says: "Peru-na is a swift and sure remedy for coughs, colds and la grippe and all catarrhal complaints. It is an excellent remedy in all nervous troubles. It never fails to prove itself a powerful tonic and a lasting cure." This is what Congressman Crowley says, and this is what thousands of other people are saying all over the United States.

Congressman Romulus Z. Linney from Taylorville, N. C., writes: "My secretary had as bad a case of catarrh as I ever saw, and since he has taken one

bottle of Peru-na he seems like a different man."—Romulus Z. Linney.

Congressman A. T. Goodwyn, Robinson Springs, Ala., writes: "I have now used one bottle of Peru-na and am a well man today."—A. T. Goodwyn.

U. S. Senator W. N. Hoar from Laramie, N. D., writes: "I have used Peru-na as a tonic. It has greatly helped me in strength, vigor and appetite."

Congressman H. W. Ogden from Benton, La., writes: "I can conscientiously recommend your Peru-na."—H. W. Ogden.

Congressman H. W. Smith from Murfreesboro, Tenn., writes: "I have taken one bottle of Peru-na for my catarrh and I feel very much benefited."—Geo. W. Smith.

State College of Kentucky.

The Agricultural and Mechanical (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Entomological, Physiological, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering and Mining Engineering, each of which extends over four years and leads to a degree. Post-graduate courses of study are also provided, leading each to master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than forty professors and instructors. County Appointees receive tuition, room rent in dormitories, fuel and lights, and if they remain ten months, traveling expenses. The last and the preceding Legislatures appropriated \$60,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. Military tactics and science are fully provided for and required by Congress. Graduated from the several courses of study readily find excellent positions and liberal remunerations. The demand is largely in excess of the ability of college to supply. Last year the matriculation list was 594. For catalogues, method of obtaining appointments, information regarding courses of study and terms of admission, apply to

the anti-Nunn leaders were not present, nobody moved a recapitulation, and the vote was announced. When the absent delegates returned the committee was escorting the nominee to the stand.

The defeated candidates all appeared and made good humored speeches and the convention broke up in a laugh all round at the clever trick the supporters of Judge White played on the unsuspecting leaders of the opposition. Some of the leaders were grieved unmercifully and failed to appreciate the humor of the situation, but others took it good-naturedly and admitted that the nomination was won by superior generalship and good management.

The Same Old Story.

J. A. Kelly relates an experience which is true of almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by C. K. WYLY.

BAD DIGESTION

Imperfect digestion is more serious and far-reaching in its effect than is generally understood. This state of affairs is like an open gate-way to disease because germs that may be in the air we breathe at once seize such an opportunity to attack the vital organs. They slowly undermine the strength and energy, and a collapse comes—usually at a time when a strong healthy body is most needed.

PRICKLY ASH BITTERS

Is a fine regulating tonic which filters through the bowels, casting out injurious matter, relieving the digestion and nourishing and strengthening every weakened part. It also purifies the blood, sharpens the appetite and creates energy. In this way it restores the system to perfect order.
